

Cheesecake Energy

You are taking the first step to participating in the Cheesecake Energy *eTanker* pilot programme.

Once you complete and submit this form, our team will review your application and may be in touch to set up a discovery call to learn more about your project. This will allow us to:

- Assess the potential of your site or property for our *eTanker* energy storage system
- Provide an overview of energy cost savings so you can see the net costs for your system
- Answer any questions you have about the technology, installation, operation and maintenance.

First, let's see if you meet the pilot eligibility requirements.
